

MedCodePIX Web Site Privacy Policy

By using websites owned and operated by MedCodePIX or its affiliates, you are agreeing to comply with and be bound by the following privacy policy, which may change at any time.

While using the MedCodePIX website, you may be asked to provide information (such as name, contact information, or other registration information) to MedCodePIX or their service providers. MedCodePIX and these entities may use this information to tailor their presentations to you, facilitate your movement through the MedCodePIX website, or communicate separately with you.

. MedCodePIX adheres to the following privacy policies:

1. We do not collect personally identifiable information beyond that intentionally submitted by website visitors on our registration or contact forms
2. We do not sell or redistribute your personal information outside of MedCodePIX

MedCodePIX may use your personal information for the following

- Sending products or activation emails to registered users
- Notifying registered users of MedCodePIX product releases, product updates, and website updates.
- Contacting registered users requesting feedback to improve current or future products or our website.

If you choose not to provide your information to MedCodePIX, you can still use most of the non password protected areas of the MedCodePIX website. Unfortunately, you will not be able to access some functions of the website that require your personal information.

IP Address. We may store the Internet Protocol (IP) address of your computer when you visit our Site. This information is used solely to create broad demographic summaries of our users. Our use of the IP addresses, however, does not identify the actual users of the Site.

Cookies. We may also collect information about you and your use of our Site through the use of Cookies. "Cookies" are small computer files we transfer to your computer's hard drive that allows us to know how often someone visits our Site and the activities they conduct while on our Site. This information helps us dynamically generate advertising and content on web pages specifically designed for you and also allows us to statistically monitor how many people are using our Site and for what purpose. Sponsors, advertisers or third parties may also use Cookies when you select their advertisement, content or service; we cannot control their use of Cookies or how they use the information they gather. If you do not want information collected through Cookies, there is a simple procedure in most browsers that allows you to deny or accept the Cookie feature. However, Cookies are required for login and the use of MedCodePIX. These login related cookies are encrypted for your safety and privacy.
